

Dear Students

Hope you all are doing well and are strictly following the lockdown to ensure the safety of one and all.

In the meantime the College has taken certain measures to ensure that the students are in touch with their studies, yet aren't overworked.

We are regularly uploading PowerPoint presentations, worksheets, assignments, brain teasers, story sessions etc. on our Website.

All the worksheets and assignments will be evaluated by the teachers once the College reopens and will be a part of the internal assessment.

The academic calendar will be reworked in accordance with the guidelines received from the University, once we resume the session.

As mentioned previously, let us use this time to spend quality time with our loved ones, cultivate new hobbies and mould ourselves into mentally and physically healthier beings.

I also urge you all to only believe information coming from credible governmental sources or the WHO. Please do not trust all the WhatsApp forwards and other posts on social media. The spread of misinformation in such times may lead to dire consequences for the health and safety of our community.

Rest assured that we at KSHPTTC are always there for the students and their families and will do everything in our capacity to make this trying time easier for all our students. All necessary measures will be taken once the College reopens to help the student's transition seamlessly into their regular routines. Until then, we request you all to use this time constructively, maintain good hygiene, and to face the following days with composure.

With all our best wishes

N. Shahidi
(Secretary)
